Yesterday, when watching magical girl anime, you were like "how nice..."
Perhaps it's your aspiration—
You got it wrong! It's embarassing, I can't show up in public dressed like this!
By the way, let me have this chocolate in front of you...

Chino-chan has awakened to justice!!
I will protect peace in this half-timbered town!!

What's the commotion?
Ah, eating brandy chocolates
A battle costume? Looks good.
But having only this as a weapon, I'd be worried.
Suits her, right—?
You must be prepared for long-range combat.
She's not cute anymore—!!
Chino-chan is a magical girl, she can't use guns and such—
Right, Chino-chan?
She's gone!

Chino-chan!?
Are there any bad people here?
Fleur du Lapin
Just one bite... no, be patient.
I'm so hungry...

Sounds suspicious.
Are you doing bad things, Sharo-san?
O-of course not!!

Waah! She's fighting with Sharo-chan!
This gives me an idea for a "Caffeine Fighter" sequel...
Geez— I won't let you interfere with my work—
Why is everyone here?
Ah, Chiya-chan, stop—
Is Chiya-san evil...?
Eh!?

I won't allow evil!
Cafe latte, cafe mocha...
it's all the more exciting!!
So, it was discovered... If I'm a member of an evil organization...
Chiya-chan has more abilities!
Viridian (matcha) poison mist!
Forbidden white moon! (shiratama)
Black jewel's (anko) torrent!

Chino— What are you doing?
かはっ
What kind of damage did she receive?

Chino-chan used as ballista at last!?
Are you playing battle?
I can't defeat Chiya-san...
I see!
It's because the rotation on your finishing move is insufficient, isn't it?

I'm sorry, Chino-chan,
I just wanted to make your magical girl dream come true...!
How can I look them in the eye after treating everyone as a baddie...
So that's how it was—!
I was just thinking while watching TV, how nice that there are only good people in this town, so there can be peace even without a magical girl.
She doesn't get it
Well, then next time I will properly play a villain role, so you can defeat me to your heart's content!
